MEMORANDUM FOR IG (SPACE) CORE WORKING GROUP MEMBERS

FROM: ROGER G. DEKOK 
Subject: Space Policy Document and Schedule

This version of the Guidelines was compiled from inputs you supplied. The inputs substantially restructured much of the material from the August 19 version of the Guidelines, as well as reflected material that was deferred from the POLICY section as a result of our deliberations. I have bracketed phrases that I recalled as in dispute from our previous discussions, but I offer no assurances that all such language has been so designated.

Please review this material carefully. I believe you will find the organization more understandable, but some material is still repetitive, and in some instances material could be placed in another section of the document.

I have established the following schedule for our meetings through the remainder of the month. All meetings will be held in the OSTP conference room, room 5013, NEOB:

Mon, 16 Nov	1330-1530
Wed, 18 Nov	1400-1800
Mon, 23 Nov	1330-1800
Wed, 25 Nov	0900-1200
Mon, 30 Nov	1330-1800
